Message from Chancellor

I feel extremely satisfied with the overall progress of IFTM University and the way it is marching forward. The holistic development of academics, infrastructure, sports & cultural activities, skill development initiatives etc have given me the confidence that the ethos and work culture of IFTM University is building as per the vision of its founder (late) Shri Onkar Saran Kothiwal. Dedication of each member of IFTM family is truly commendable and hope the next session to be another successful year. University celebrated the Third Convocation ceremony on November 18, 2017.

The presence of Prof. D.S. Chauhan (Vice Chancellor– GLA University, Mathura) as chief guest made the occasion momentous. It was a well-attended event where 3658 students were awarded the degrees and certificates for successfully completing their courses, 22 research scholars received their Ph.D. degrees and 62 students were awarded Gold Medals for securing first rank in their respective courses. Besides Convocation, the regular interaction throughout the year of our students and faculties with the academicians so for their excellent organizations and the top corporate leaders helped to enrich the academic culture of University.

I hope to see many more events in the form of conferences and seminars. With the completion of new faculty residence blocks, the number of families residing within University campus has increased manifold. The presence of more families on the campus has made the environment more vibrant. Facilities related to dairy and fisheries have been added to promote the self-sustenance of the campus. Students and faculties are rigorously leveraging the expanded sporting facilities on the campus. With the sufficient infrastructure, University is planning to host the AIU sponsored sporting events in the years to come. Annual sports meet of University witnessed the intense competition among the students during events of Cricket, Football, Volleyball, Basketball, Badminton etc. Annual function “SAMAVESH” presented some great performances by the students and it was promising to see the huge efforts made by faculty members in preparing those performances.

Chancellor

Message from Vice Chancellor

True to our Vision, we are working very hard to become a “Respected University”. The entire IFTM family is working to make the university relevant to the society and to become an integral part to the community of Moradabad. I am extremely proud of the activities and decision taken by Executive council (EC) and the Academic council (AC) of the University. They have acted in a very professional manner to shape the policies.

The Council consist of eminent external members from diverse areas like Academicians, Bureaucrats, Diplomats, Members of the Boards of Central/State Universities, IITs, NITs, International University, Corporate world, Entrepreneurs etc. Honest and Transparent governance is crucial to the success of any organization. IFTM University has a sharp focus on governance through best practices of the University system. It strives to create a system where all the rules and guidelines as laid down by the various agencies that govern higher education are followed as per the Act, Statute and Ordinances of IFTM University. On the occasion of Third Convocation ceremony November 18, 2017, presence of Prof. D. S. Chauhan (Vice Chancellor – GLA University, Mathura) as the chief guest made the event special. All the members of EC and AC were present with their families on this occasion to ensure that the bonding with University is beyond the individuals. Everyone enjoyed the cultural programmes of convocation ceremony. With our objective to improve the quality of education we have encouraged the faculty members in the recent years to complete their Ph.D.

We are excited to note that due to the persistent efforts, University now has the highest number of faculties with PhD degree in the entire region. Already few members have patents and few filed for the patent based on their research work. Special focus on Skill development initiatives has helped the students to learn from the experts and choose the career in Telecom and Automobile sector. We are proud to witness the beginning of Entrepreneurship culture at University in the form of two companies being incubated within campus. We are excited by the developments in “Organic Farming” space at University. Efforts put in by the members of Department of Agriculture have immensely contributed towards the success of Horticulture and Agronomy programmes. We are building new farm facilities to add seed processing, new

crop production capabilities, etc. On the University publication front, Faculty of Commerce & Management Studies publishes a research journal “Vimarsh” twice a year and Faculty of Engineering & Technology comes out with a newsletter “Insight” that covers all the technical happenings in the faculty. Annual magazine “AROMA” covers the highlights of University on yearly basis. Planning to build up a 1000 seater Auditorium, an Olympic size swimming pool state-of-the-art gymnasium are in pipeline to augment the sports facilities and overall growth of the university.

It's my pleasure to invite various stakeholders to collaborate and contribute towards making IFTM University a “partner of choice” for the entire community, in making it a learning place in true sense.

Prof. A.K.Ghosh
Vice Chancellor
