### Message from Chancellor

I feel extremely satisfied with the overall progress of IFTM University and the way it is marching forward. The holistic development of academics, infrastructure, sports & cultural activities etc have given me the direction that the present ethos and work culture of IFTM University is as per the vision of its founder (late) Shri Onkar Saran Kothiwal. Dedication of each member of IFTM family is truly commendable and hope the next session would be another successful year. University celebrated the Fourth Convocation ceremony on November 17, 2018.

The presence of Dr. S.C. Dutta Roy (Awardee of Shanti Swaroop Bhatnagar prize for Science and Technology) as chief guest made the occasion momentous. It was a well-attended event where 3341 students were awarded the degrees and certificates for successfully completing their courses, 50 research scholars received their Ph.D. degrees and 69 students were awarded Gold Medals for securing first rank in their respective courses. Besides Convocation, the regular interaction throughout the year of our students and faculties with the academicians of excellent organizations and the top corporate leaders helped to enrich the academic culture of University. For the last one year lots of conferences, seminars and workshops reflect the spirit of the same. With the completion of new faculty residence blocks, the number of families residing within University campus has increased manifold. The presence of more families on the campus has made the environment more vibrant. Facilities related to dairy and fisheries have been added to promote the self-sustenance of the campus.

Students and faculties are rigorously leveraging the expanded sporting facilities on the campus. With the sufficient infrastructure, University is planning to host the AIU sponsored sporting events in the years to come. Annual sports meet of University witnessed the intense competition among the students during events of Cricket, Football, Volleyball, Basketball, Badminton etc. Annual function "SAMAVESH" presented some great performances by the students and it was promising to see the huge efforts made by faculty members in preparing those performances. I am confident about the future of students those are trained hard at University and have become proud IFTMians. These are the true ambassadors of IFTM University.

I am delighted to see that the present and past students have made a common platform "IFTM University Alumni Association" and their commitment to build up their university in a different way. I urge you to join us, and witness how this University is an institution with a difference. I am sure that the time you spend here will be rewarding and memorable for you. I welcome you to experience the uniqueness of IFTM University.

I wish all the best to the students for their career building process at IFTM University.

Chancellor

### Message from Vice Chancellor

True to our Vision, we are working hard to become a “Respected University”. The entire IFTM family is working to make the university relevant to the society and to become an integral part to the community of Moradabad, the Brass City. I am extremely proud of the activities and decision taken by Executive council (EC) and the Academic council (AC) of the University. They have acted in a very professional manner to shape the policies. The Council consists of eminent external members from diverse areas like Academicians, Bureaucrats, Diplomats, Members of the Boards of Central/State Universities, IITs, NITs, International University, Corporate world, Entrepreneurs etc. Honest and Transparent governance is crucial to the success of any organization.

IFTM University has a sharp focus on governance through best practices of the University system. It strives to create a system where all the rules and guidelines as laid down by the various agencies that govern higher education are followed as per the Act, Statute and Ordinances of IFTM University. On the occasion of fourth Convocation ceremony November 17, 2018, presence of Dr. S.C. Dutta Roy (Awardee of Shanti Swaroop Bhatnagar prize for Science and Technology) as the chief guest made the event special. All the members of EC and AC were present with their families on this occasion to ensure that the bonding with University is beyond the individuals. Everyone enjoyed the cultural programmes of convocation ceremony. With our objective to improve the quality of education we have encouraged the faculty members in the recent years to complete their Ph.D.

We are excited to note that due to the persistent efforts, University now has the highest number of faculties with PhD degree in the entire region. Already few members have patents and few filed for the patent based on their research work. Special focus on Skill development initiatives has helped the students to learn from the experts and choose the career in Telecom and Automobile sector. We are proud to witness the beginning of Entrepreneurship culture at University. We are excited by the developments in “Organic Farming” space at University. Efforts put in by the members of Department of Agriculture have immensely contributed towards the success of horticulture and agronomy programmes. We are building new farm

facilities to add seed processing, new crop production capabilities, etc., along with adaptation of six villages. On the University publication front, Faculty of

Commerce & Management Studies publishes a research journal “Vimarsh” twice a year, IFTM University Journal of Sciences from School of Sciences, Peer review biannual and Faculty of Engineering & Technology comes out with a newsletter “In sight” that covers all the technical happenings in the faculty. Annual magazine “AROMA” covers the highlights of University on yearly basis. Already work is going on for a 600 capacity Auditorium in the campus and planning to build up a 1000-seater Auditorium, state-of-the-art gymnasium are in pipeline to augment the sports facilities and overall growth of the university. With all of these the IQAC (Internal Quality Assurance Cell) is engaged to monitor all the programs and events held in the University. It’s my pleasure to invite various stakeholders to collaborate and contribute towards making IFTM University a “Partner of Choice” for the entire community, in making it a learning place in true sense.

Prof. M. P. Pandey  
Vice Chancellor
