Message from Chancellor

The fast-changing world of tomorrow will be an exciting and a challenging place to live, where only the people who adopt themselves to the situation, keep pace with upcoming technologies and have the ability to align their ideas, thoughts and ways of working to changing situations will survive. Keeping this in mind, I foresee IFTM University to undergo transition from versatility to super specialty. At IFTM University, we provide the students an atmosphere which encourages them to become life-long learners and to work in a multi-cultural, ever-changing society. The student's holistic development has given me the confidence that the ethos and work culture of

IFTM University is building up as per the vision of its founder (late) Shri Onkar Saran Kothiwal. The prime objective of the University is not only to impart relevant knowledge and skills, but also to make our students proficient in effective communication, aware of ethical standards, and appreciative of universal and human values. We want our students to develop into the leaders of tomorrow, to infuse the world with the energy of their ideas and innovations, and to advance the frontiers of knowledge in ways that translate into tangible benefits for the community and country. For any University, the excellence lies in the transitional abilities of its faculty and its facility, ethos and infrastructure. I am always aware of the efforts that our academic board puts in to develop the team of subject matter experts at IFTM University.

Our team understand the core vision of empowering our future generations to be ethically, morally and intellectually elite. They practice the art of teaching with a student-centered and transformational approach. The excellent infrastructure at the University, both educational and extra-curricular, magnificently demonstrates the importance of ambience in facilitating focused learning for our students. A key part of the learning experience is what students do beyond their classrooms. Keeping this in mind, the hostel facilities in the University premises have been designed with utmost care and attention so that the students can feel secure and at ease. The idea is to ensure the students are provided with every facility they could possibly require, to explore their potential and develop an attitude towards life that will serve them forever beyond the

boundaries of IFTM University. IFTM University students must get the best of both worlds: they compete with the world for knowledge and opportunities, and simultaneously build a strong, noble character rooted in Vedic values. At IFTM, we fully understand that the aim of education is not just to impart knowledge but also to build character. Today, the University has a proud record of evolving efficient, confident and highly knowledgeable technocrats, managers, pharmacists and entrepreneurs with global thinking and futuristic mind-set that will certainly contribute to nation building with a strong adherence to Mission, Vision and Values.

I hope our students will find learning in IFTM University an invigorating experience.

Message from Vice Chancellor

Education is the driving force that brings change in a person, community, society, and nation. It breaks the barriers of caste, creed, ethnicity and religion by training the minds to think logically; envision, innovate, invent and discover methods for creating a harmonious and sustainable society with skills, positive mindset, knowledge and high values of life. IFTM University provides multifaceted opportunities to students in the form of graduate and postgraduate programme in Agriculture, Engineering, Pharmacy, Law, Commerce & Management Studies, Science, Education, Arts & Humanities and pushing almost all the programs up to the Doctorate level.

The important elements of our curriculum include flexible mode of course development and teaching as well as rich and diverse academic environment with creative linkages between students, teachers, researchers and business and market community. Our mission is to create dynamism in our graduates to march forward. The University and its stakeholders are focused at delivering Industry Aligned Curriculum to prepare Industry Ready Professionals on a dynamic basis. IFTM University has been and shall be committed at imparting an optimal blend of knowledge, skills, and competencies to its students apart from focus on values, moral education, and various extra-curricular activities. Our objective is to instill a sense of discipline in our students in order to attain success in their careers.

We encourage them to participate in various sports as well as cultural activities to nurture their hidden talents in a surrounding that contributes to their physical, mental and psychological growth and also help them to understand their ambitions through perseverance and sensible work. We facilitate their young minds to become assertive not only in career, but also in person. To build a strong ecosystem for nurturing innovation and Start-ups in the country, the University adopted many tech-driven initiatives. On the skill development front, the University has signed and executed the Telecom Sector Skill Programs. The students are skilled in high-tech lab "Advanced Repair and Industrial Skills Enhancement- ARISE-3 " that has been established with the collaboration of Samsung India Pvt. Ltd. It has also signed MoU with the Central Institute of Plastics Engineering & Technology (CIPET), which is helping to skill the students in this age of Plastic technology. Whether you are a student,

Glimpses of Activities related to harmony, tolerance, culture, regional and linguistic, communal and socio-economic diversity

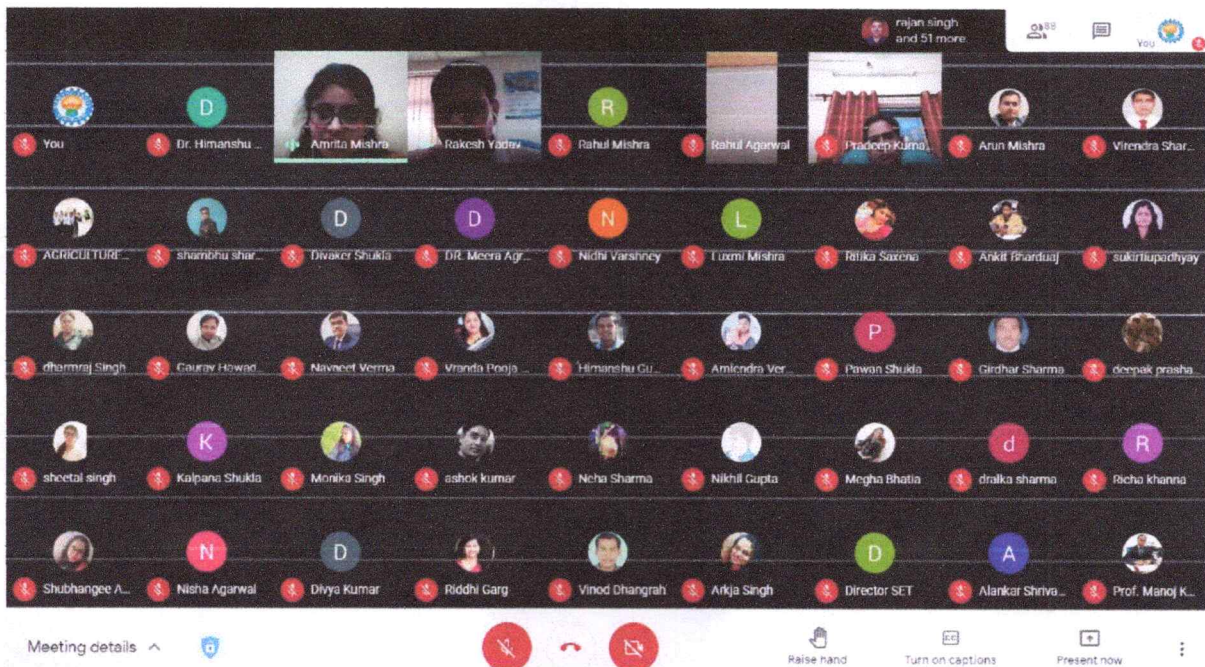

Activities by IQAC

1. Institutionalisation of IQAC in Revised Assessment Framework of NAAC

To help University achieve its goals and to seek guidance on NAAC accreditation, an online session was organized by IQAC, IFTM University on 26th June 2020. The resource person for the event was Mr. Peeyush M. Pahade, founder member of IQAC cluster India, described IQAC as the hub and all the departments and stakeholders as its spoke, in the overall process. In his words, the primary responsibility of IQAC is to establish a seamless and transparent communication channel. While mentor-mentee system, research publications remain the key elements, collating the data and effective presentation of that data is equally important. He reiterated that the key function of the IQAC in an academic institute is to institutionalize the best practices and develop quality benchmarks across functions and processes. Participants got to learn about the deliverables at individual and department level, in regards to NAAC accreditation process. The IQAC got to learn about the different activities it needs to perform, to complete the documentation and application for the accreditation.

2. National Education Policy (Nep) 2020: A Path to Self-Reliance India

The New Education Policy 2020 encapsulates the reforms; that were due for long in Indian Education System. To understand it better and harness its potential benefits, a webinar was organized on 07 Sep 2020; jointly by School of Business Management & IQAC, IFTM University. The resource person for the event was Prof. (Dr.) Sandhya Gihar from Indira Gandhi National Tribal University, Amarkantak. Prof. Sandhya Gihar the Head & Dean at Department of Education, IGNTU; is amongst the doyens of this domain. She was welcomed by Prof. (Dr.) Rakesh Kumar Yadav, Director – IQAC, IFTM University.

Prof. Gihar talked about the structural changes; the new policy proposes in the curriculum of Higher Education. She highlighted the focus NEP brings to multi-disciplinary education and development of regional languages. While pondering on the topic, she underscored the weightage given to vocational education, business education, life skills and adult literacy. The policy enables students in getting lateral entries and thus provides them flexibility and range of choices. Through NEP 2020, Indian Universities aims to increase their efficiency and effectiveness; and ultimately their global ranking. In her concluding remarks, she briefly talked about the role of Central Advisory Board of Education. The webinar was attended by faculty members at IFTM University. The participants got to learn about the New Education Policy 2020 and its provisions. The faculty members learnt about the performance criteria, its implementation at department level and the key changes required in their functioning.
