## **SANWARDHAN-2019**

Under the Unnat Bharat Abhiyaan a “*Krishak Goshti*” was organized by School of Agricultural Sciences and Engineering (SASE), IFTM University, Moradabad. The event was organized with a view to give information about latest techniques and Govt. policies to the farmers of adopted villages. In this event, Govt. officials were invited to discuss

about various Govt. policies running for the benefit of farmers. The District Agriculture Officer Ms. Ritusha Tiwari had a very interesting and interactive session with the farmers. Ms. Tiwari assured that Government is working whole heartedly for the benefit of farmers by launching various welfare schemes time to time. Meanwhile, experts from School of Agricultural Sciences and Engineering gave detailed information regarding the management of crops based on soil, weather, and water for increasing crop production in *Rabi* season. Registrar, Mr. Sanjeev Agarwal appreciated the initiative taken by the School of Agricultural Sciences and Engineering for the benefit of farmers. He further said that these events will serve as milestones for the holistic development of farmers. Director, DR. Virendra Singh and Additional Director, Mr. K.K. Bansal welcomed the chief guest Ms. Ritusha Tiwari and Head of Department, Dr. Krishan Pal honoured her by presenting a memento. The dais was operated by Assistant Professor Mrs. Richa Khanna and program was organized by Dr. Vinod Kumar Dhangra. The farmers appreciated the efforts of IFTM University.

### **Outcome:**

Farmers came to know about various Govt. policies and schemes running for their welfare. They also interacted with experts on scientific cultivation methods of different crops.
