## **Acknowledgment**

To write book of this magnitude, it required lot of patience, skill and expertise over the subject, which I have gain through various opportunities got in the field of teaching and academia. I would like to dedicate this book to my Almighty and My Family.

We would like to thank Shri. Rajiv Kothiwala, Honorable Chancellor, IFTM University, Moradabad, for motivating us to strive for greatness. Our sincere thanks to Mr. Abhinav Kothiwala, Honorable Pro Chancellor, IFTM University, Moradabad, for their constant support and guidance. We also want to express our gratitude to Prof. M.P. Pandey, Honorable Vice Chancellor, IFTM University, Moradabad, Prof. Sanjeev Agarwal, Registrar, IFTM University for their continuous motivations for hard work and Prof. Navneet Verma, Dean & Director of Pharmacy Academy, IFTM University for their constant support, guidance and motivation for hard works. We also thanks to our Prof. Arun Kumar Mishra, Director, SOS-School of Pharmacy, IFTM University, Moradabad for their guidance and support.

Also, I give my heartiest gratitude to my life partner for his Love, affection, blessing, support and continuous encouragement to accomplish this work. A special thanks to all the authors for sharing their valuable and quality work for publication in this book.

We would also want to thank the publishers, for their help; it's thanks to their efforts that this version is now available in its current form. Lastly, I would like to acknowledge all those people who made this possible including my entire family, all well-wishers, My friends and colleagues.

# CONTENT

## Part I: Foundations of Pharmacy

|  |              |
|--|--------------|
| <b>Chapter-1.....</b>  | <b>01-09</b> |
| <b>The Evolution and History of Pharmacy as a Science and Profession</b><br>Dr. Mohd Junaid        |              |
| <b>Chapter-2.....</b>  | <b>10-17</b> |
| <b>Pharmaceutical Chemistry: Drug Design, Synthesis, and Characterization</b><br>Mr. Sanjeev Kumar |              |
| <b>Chapter-3.....</b>  | <b>18-31</b> |
| <b>Pharmacology and Pharmacodynamics: Mechanisms of Drug Action</b><br>Ms. Manu Bharti             |              |
| <b>Chapter-4.....</b>  | <b>32-42</b> |
| <b>Pharmacokinetics and Biopharmaceutics in Drug Disposition</b><br>Dr. Pawan Singh                |              |
| <b>Chapter-5.....</b>  | <b>43-50</b> |
| <b>Pharmaceutical Microbiology and Immunology in Drug Development</b><br>Mr. Ankit Goel            |              |
| <b>Chapter-6.....</b>  | <b>51-55</b> |
| <b>Medicinal Plants, Natural Products, and Herbal Medicines</b><br>Mrs. Sunita Gangwar             |              |

## Part II: Drug Formulation and Delivery

|  |              |
|--|--------------|
| <b>Chapter-7.....</b>  | <b>56-62</b> |
| <b>Pharmaceutics and Dosage Form Design Principles and Practice</b><br>Mohammad Amir |              |

**Chapter-8.....63-71**  
**Advanced Drug Delivery Systems: Nanocarriers, Liposomes, and Hydrogels**

Mr. Mohd Haider

**Chapter-9.....72-75**  
**Controlled Release, Targeted Delivery, and Smart Drug Systems**

Ms. Sonal

**Chapter-10.....76-81**  
**Biopharmaceuticals: Vaccines, Monoclonal Antibodies, and Peptide Drugs**

Mr. Shivam Kumar

**Chapter-11.....82-92**  
**Stability, Storage, and Packaging of Pharmaceutical Products**

Mr. Piyush Chahal

### **Part III: Clinical and Regulatory Pharmacy**

**Chapter-12.....93-98**  
**Clinical Pharmacy and Rational Drug Use in Patient Care**

Mr. Devendra Singh

**Chapter-13.....99-105**  
**Pharmacovigilance, Drug Safety, and Adverse Event Reporting**

Dr. Anjali Bhardwaj

**Chapter-14.....106-110**  
**Pharmacy Practice Management and Patient Counseling Skills**

Dr. Aditya Sharma

**Chapter-15.....111-118**  
**Pharmaceutical Laws, Regulations, and Ethics: Global Perspectives**

Km. Sonam

**Chapter-16.....119-128**  
**Good Manufacturing Practices and Regulatory Compliance in Industry**  
Ms. Rama Kumari

**Part IV: Interdisciplinary and Emerging Areas**

**Chapter-17.....129-138**  
**Pharmacogenomics and Personalized Medicine in Therapeutics**  
Mrs. Anjali Chaudhary

**Chapter-18.....139-144**  
**Artificial Intelligence and Digital Tools in Pharmacy Practice**  
Mr. Deepak Singh Chaudhary

**Chapter-19.....145-152**  
**3D Printing and Advanced Manufacturing in Drug Development**  
Dr. Ashwin Saxena

**Part V: Research, Innovation, and the Future**

**Chapter-20.....153-164**  
**Research Methodology, Data Analysis, and Scientific Writing in Pharmacy**  
Mr. Pushpendra

**Chapter-21.....165-171**  
**Entrepreneurship and Innovation in the Pharmaceutical Sector**  
Mr. Pankaj Kumar

**Chapter-22.....172-181**  
**Sustainable Pharmacy and Green Drug Development**  
Mr. Zia Ur Rehman

**Chapter-23.....182-192**  
**Future Trends in Global Pharmacy Education and Practice**  
Dr. Alankar Shrivastav
