21. Give three observation / suggestions to improve the overall teaching – learning experience in your institution.

The word cloud helped us in learning the most talked about areas, in Student Satisfaction Survey 2021-22. After due diligence, the most important areas were zeroed on for taking corrective actions.

While there were many positive sentiments being shared by the students, some areas of improvement were also uncovered. Viz.

1. Keywords “**better graphics / better equipments for presentations / smart class / excellent presentation of classes**” all pertains to use of smart devices and technologies in classrooms. It was inferred that the demand for Audio-Visual aids / ICT tools has gained popularity.

Sanjeev Dora

Registrar
