Website Accessibility Audit Report												
URL	<a href="http://www.iftmuniversity.ac.in/">http://www.iftmuniversity.ac.in/</a>											
Issue ID	Category	Issue Title	Steps to Reproduce	Issue Description	User Impact	Recommendation for Fix	WCAG SC	WCAG Level	Impact	Type of Change	Verified in Firefox + NVDA	Originator
IFTM1.1	Titled	A complete page title is not provided to the page.	<ol style="list-style-type: none"> <li>1. Enable NVDA Screen reader and open Firefox browser.</li> <li>2. Launch Url <a href="http://www.iftmuniversity.ac.in/">http://www.iftmuniversity.ac.in/</a>.</li> <li>3. Users will redirect to the Home page of IFTM University.</li> <li>4. Use Quick navigation using 'Insert + T' key for Title.</li> <li>5. Validate that , A complete page title is not provided to the page.</li> </ol>	In the IFTM University - Home page, when users use a quick navigation 'Insert + T' key for title to know about the title of the page, it is observed that a complete page title is not provided to the home page. Screen reader should announce home in the page title.	It is difficult for users to understand on which page they have landed, whether in the homepage or subsections of the web page.	<title>"IFTMU – A place for excellence in education at Moradabad - Home"</title>	2.4.2	Level A	High	Code	Yes	Sandeep C
IFTM1.2	Landmarks	Search, Navigation and content info landmarks are not provided in the page.	<ol style="list-style-type: none"> <li>1. Enable NVDA Screen reader and open Firefox browser.</li> <li>2. Launch Url <a href="http://www.iftmuniversity.ac.in/">http://www.iftmuniversity.ac.in/</a>.</li> <li>3. Users will redirect to the Home page of IFTM University.</li> <li>4. Use Quick navigation using 'D' key for Landmarks.</li> <li>5. Validate that Navigation, Search and Content Info landmarks are not provided in the page.</li> </ol>	In the IFTM University - Home page, when user navigates using quick navigation key 'D' for landmark, it is observed that, Navigation, Search and Content Info landmarks are not provided in the page.	Providing this mechanism helps users to navigate quickly to their desired location.	<p>Make sure that provide landmarks as</p> <p>Role="Navigation to Navigation landmark"</p> <p>Role="Search to Search landmark"</p> <p>Role="footer to Content info landmark"</p>	4.1.2	Level A	High	Code	Yes	Sandeep C
IFTM1.3	Skip to Main Content	Skip to main content is not provided in the page.	<ol style="list-style-type: none"> <li>1. Enable NVDA Screen reader and open Firefox browser.</li> <li>2. Launch Url <a href="http://www.iftmuniversity.ac.in/">http://www.iftmuniversity.ac.in/</a>.</li> <li>3. Users will redirect to the Home page of IFTM University.</li> <li>4. Navigate with 'Tab' key in banner landmark.</li> <li>5. Validate that skip to main content is not provided to avoid repeated navigation of the page.</li> </ol>	In the IFTM University - Home page, when the user navigates 'Tab' key in the banner landmark, it is observed that skip to main content is not provided to avoid repeated navigation links of the page.	Providing this mechanism will help motor disable hand tremor users to avoid the repeated navigation.	Provide skip to main content mechanism in the banner landmark.	2.4.1	Level A	High	Code	Yes	Sandeep C
IFTM1.4	Oninput.	Screen reader is not rendering "opens in a new window" links present In the banner landmark.	<ol style="list-style-type: none"> <li>1. Enable NVDA Screen reader and open Firefox browser.</li> <li>2. Launch Url <a href="http://www.iftmuniversity.ac.in/">http://www.iftmuniversity.ac.in/</a>.</li> <li>3. Users will redirect to the Home page of IFTM University.</li> <li>4. Navigate with 'K' key for links in the banner landmark.</li> <li>5. Validate that links are opening in a new Tab/Window.</li> </ol>	In the IFTM University - Home page, when a user navigates with 'K' for a link presented in banner landmark, it is observed that the Screen reader is not notifying "opens in a new window". Ex: Online Fee, ERP Login, Library, Career, Enquire, Grievence, FeedbackProfile and Social media links.	Users can't find where it is opening.	Provide users a notification as"opens in a new window".	3.2.2	Level A	High	Code	Yes	Sandeep C
IFTM1.5	Link Discription	Link discription is not provided to the links presented in the Banner Landmark.	<ol style="list-style-type: none"> <li>1. Enable NVDA Screen reader and open Firefox browser.</li> <li>2. Launch Url <a href="http://www.iftmuniversity.ac.in/">http://www.iftmuniversity.ac.in/</a>.</li> <li>3. Users will redirect to the Home page of IFTM University.</li> <li>4. Use the 'K' key for links.</li> <li>5. Validate that link discription is not provided to the link presented in the Banner Landmark.</li> </ol>	In the IFTM University - Home page, When a user navigates with 'K' key in Banner Landmark, it is observed that Link description is not provided to Whatsapp, Tel, Email and social media links.	Screen reader is announcing link, user cannot find which link it is.	Provide proper link description to the links presented in the Banner landmark.	2.4.4	Level A	High	Code	Yes	Sandeep C

IFTM1.6	<a href="#">Empty Links</a>	Empty link is provided to the text.	<ol style="list-style-type: none"> <li>1. Enable NVDA Screen reader and open Firefox browser.</li> <li>2. Launch Url <a href="http://www.iftmuniversity.ac.in/">http://www.iftmuniversity.ac.in/</a>.</li> <li>3. Users will redirect to the Home page of IFTM University.</li> <li>4. Navigating using the Quick navigation key 'K' for links in the Banner landmark.</li> <li>5. Validate that empty Link provided to text</li> </ol>	In the IFTM University - Home page, When a user navigates with 'K' for links, it is observed that empty link is provided to the text. Ex: Get Social.	User don't know it is redirected to link or not.	Remove anchor tag link and make it Heading or Normal text.	2.4.4	Level A	High	Code	Yes	Sandeep C
IFTM1.7	Name and Role Value	Buttons are provided as links.	<ol style="list-style-type: none"> <li>1. Enable NVDA Screen reader and open Firefox browser.</li> <li>2. Launch Url <a href="http://www.iftmuniversity.ac.in/">http://www.iftmuniversity.ac.in/</a>.</li> <li>3. Users will redirect to the Home page of IFTM University.</li> <li>4. Navigate with quick navigation key 'Tab' or 'K'.</li> <li>5. Validate that buttons are provided as links.</li> </ol>	In the IFTM University - Home page, when the user navigates using the quick navigation key 'K' for the link, it is observed that those are buttons mentioned as links. Ex: 1. About Us, 2. Academics, 3. Admissions, 4. Examinations, 5. Campus Life, 6. Research, 7. Training & Placement, 8. Gallery.	The user will navigate as a link but it is not a link it doesn't open.	Make sure that provide Role="Button"	4.1.2	Level A	High	Code	Yes	Sandeep C
IFTM1.8	Keyboard	Expand and Collapse is not activating by keyboard.	<ol style="list-style-type: none"> <li>1. Enable NVDA Screen reader and open Firefox browser.</li> <li>2. Launch Url <a href="http://www.iftmuniversity.ac.in/">http://www.iftmuniversity.ac.in/</a>.</li> <li>3. Users will redirect to the Home page of IFTM University.</li> <li>4. Navigate using the quick navigation key 'B' for the button then 'Enter'.</li> <li>5. Validate that Expand and Collapse is not activating by keyboard.</li> </ol>	In the IFTM University - Home page, when user navigates using quick navigation key 'B' for button then 'Enter', it is observed that Expand and Collapse is not activating by keyboard. Ex: 1. About Us, 2. Academics, 3. Admissions, 4. Examinations, 5. Campus Life, 6. Research, 7. Training & Placement, 8. Gallery.	User doesn't know whether it expanded or Collapsed. They will miss the information which is provided inside the menu.	Make sure that, Expand and Collapse should be activating by the keyboard.	2.1.1	Level A	High	Code	Yes	Sandeep C
IFTM1.9	Expand & Collapse.	Expand & Collapse status is not announced by screen reader.	<ol style="list-style-type: none"> <li>1. Enable NVDA Screen reader and open Firefox browser.</li> <li>2. Launch Url <a href="http://www.iftmuniversity.ac.in/">http://www.iftmuniversity.ac.in/</a>.</li> <li>3. Users will redirect to the Home page of IFTM University.</li> <li>4. navigate with 'Down Arrow'.</li> <li>5. Validate that expand &amp; collapse status is not announced by the screen reader.</li> </ol>	In the IFTM University - Home page, when the user navigates using the quick navigation key 'K' for link, it is observed that those are buttons and it is not announcing the expand collapse status to the below menus items. Ex: 1. About Us, 2. Academics, 3. Admissions, 4. Examinations, 5. Campus Life, 6. Research, 7. Training & Placement, 8. Gallery.	Low vision users will get confused, and they don't find the links.	Make sure that provide , Aria Role="Expand" =true, Role="Collapse"=true.	4.1.2	Level A	High	Code	Yes	Sandeep C
IFTM1.10	List	List of items are not announced for navigation menus items.	<ol style="list-style-type: none"> <li>1. Enable NVDA Screen reader and open Firefox browser</li> <li>2. Launch Url <a href="http://www.iftmuniversity.ac.in/">http://www.iftmuniversity.ac.in/</a>.</li> <li>3. Users will redirect to the Home page of IFTM University.</li> <li>4. Navigate using quick navigation key 'L' for list.</li> <li>5. validate that, List of items are not announcing correctly under the navigation menus items.</li> </ol>	In the IFTM University - Home page, when users navigate using 'L' key for list, it is observed that List of items are not announced correctly under the navigation menus items. Ex: 1. About Us, 2. Academics, 3. Admissions, 4. Examinations, 5. Campus Life, 6. Research, 7. Training & Placement, 8. Gallery.	Users don't know how many Items are provided in the section.	Make sure that provided list of item.	1.3.1	Level A	High	Code	Yes	Sandeep C

IFTM1.11	Focus order	Links are swapping in navigation landmark.	<ol style="list-style-type: none"> <li>1. Enable NVDA Screen reader and open Firefox browser.</li> <li>2. Launch Url <a href="http://www.iftmuniversity.ac.in/">http://www.iftmuniversity.ac.in/</a>.</li> <li>3. Users will redirect to the Home page of IFTM University.</li> <li>4. Navigate with 'K' key for links in the Navigation landmark.</li> <li>5. Validate that links are swapping in the navigation land mark.</li> </ol>	<p>In the IFTM University - Home page, when user navigates using quick navigation key 'K', links are not getting focus to the pop up items for below buttons.</p> <p>Ex: 1. About Us, 2. Academics, 3. Admissions, 4. Examinations, 5. Campus Life, 6. Research, 7. Training &amp; Placement, 8. Gallery.</p>	User can't navigate all the links.	Make sure that focus should go by keyboard.	3.2.1	Level A	High	Code	Yes	Sandeep C
IFTM1.12	Pause, Stop, Hide.	Pause button is not provided to carousel slide.	<ol style="list-style-type: none"> <li>1. Enable NVDA Screen reader and open Firefox browser.</li> <li>2. Launch Url <a href="http://www.iftmuniversity.ac.in/">http://www.iftmuniversity.ac.in/</a>.</li> <li>3. Users will redirect to the Home page of IFTM University.</li> <li>4. Navigate using quick navigation key 'B' for Buttons.</li> <li>5. validate that Pause button is not provided to carousel slide</li> </ol>	<p>In the IFTM University - Home page, when users navigate using 'Tab' key or 'B' in the main landmark, it is observed that, Pause button is not provided to Carousels slides.</p>	It is difficult to low vision users to read the content provided in the Carousel slides.	Provide pause button to Carousels.	2.2.2	Level A	High	Code	Yes	Sandeep C
IFTM1.13	Oninput.	Screen reader is not rendering "opens in a new window" links present In the Main landmark.	<ol style="list-style-type: none"> <li>1. Enable NVDA Screen reader and open Firefox browser.</li> <li>2. Launch Url <a href="http://www.iftmuniversity.ac.in/">http://www.iftmuniversity.ac.in/</a>.</li> <li>3. Users will redirect to the Home page of IFTM University.</li> <li>4. Navigate with 'K' key for links in the Main landmark.</li> <li>5. Validate that links are opening in a new Tab/Window.</li> </ol>	<p>In the IFTM University - Home page, when a user navigates with 'K' for a link presented in Main landmark, it is observed that the Screen reader is not notifying "opens in a new window".</p> <p>Ex: National Service Scheme, Internal Quality Assurance Cell, IFTM University Alumni Association, Workshop on Personality Development: Creativity, Motivation &amp; Leadership, Schedule for Even Semester Theory Examination 2021-22. New etc.</p>	Users can't find where it is opening.	Provide users a notification as "opens in a new window".	3.2.2	Level A	High	Code	Yes	Sandeep C
IFTM1.14	Alternate text	Missing alternative text.	<ol style="list-style-type: none"> <li>1. Enable NVDA Screen reader and open Firefox browser.</li> <li>2. Launch Url <a href="http://www.iftmuniversity.ac.in/">http://www.iftmuniversity.ac.in/</a>.</li> <li>3. Users will redirect to the Home page of IFTM University.</li> <li>4. Navigating using the Quick navigation key 'G' for images in the main landmark.</li> <li>5. Validate that Image alternative text is not present.</li> </ol>	<p>In the IFTM University - Home page, when a user navigates with 'G' for graphics in the main landmark, it is observed that Image alternative text is not present for images.</p>	If the screen reader does not read the file name, then it may just announce "image" or "graphic" with no other information at all, which is equally confusing for blind and visually impaired users.	Add an alt attribute to the all images. The attribute value should accurately and succinctly present the content and function of the image. If the content of the image is conveyed in the context or surroundings of the image, or if the image does not convey content or have a function, it should be given empty/null alternative text (alt="").	1.1.1	Level A	High	Code	Yes	Sandeep C
IFTM1.15	Headings and Labels	Missing first level heading	<ol style="list-style-type: none"> <li>1. Enable NVDA Screen reader and open Firefox browser.</li> <li>2. Launch Url <a href="http://www.iftmuniversity.ac.in/">http://www.iftmuniversity.ac.in/</a>.</li> <li>3. Users will redirect to the Home page of IFTM University.</li> <li>4. Navigating using the Quick navigation key 'H' for Headings.</li> <li>5. Validate that, Missing first level heading.</li> </ol>	<p>In the IFTM University - Home page, when a user navigates with 'H' for Headings, it is observed that A page does not have a first level heading.</p>	<b>Headings facilitate page navigation for users of many assistive technologies. They also provide semantic and visual meaning and structure to the document.</b>	<b>A first level heading (&lt;h1&gt;) should be present on nearly all pages. It should contain the most important heading on the page (generally the document title).</b>	2.4.6	Level AA	High	Code	Yes	Sandeep C

IFTM1.16	Parsing Error	There are multiple parsing errors are occur in the page.	<ol style="list-style-type: none"> <li>1. Enable NVDA Screen reader and open Firefox browser</li> <li>2. Launch Url <a href="http://www.iftmuniversity.ac.in/">http://www.iftmuniversity.ac.in/</a>.</li> <li>3. Users will redirect to the Home page of IFTM University.</li> <li>4. Go to new tab, open w3c markup validation and paste the url of current page.</li> <li>5. Validate that parsing errors and warning will appear in the page.</li> </ol>	In the IFTM University - Home page, Parsing errors are occur in the page.	While navigating the page user will get difficulties.	Make sure that remove parsing errors in the page.	4.1.1	Level A	High	Code	Yes	Sandeep C
IFTM1.17	Color Contrast	Elements in the page are missing enough colour contrast ratio.	<ol style="list-style-type: none"> <li>1. Enable NVDA Screen reader and open Firefox browser</li> <li>2. Launch Url <a href="http://www.iftmuniversity.ac.in/">http://www.iftmuniversity.ac.in/</a>.</li> <li>3. Users will redirect to the Home page of IFTM University.</li> <li>4. Navigate whole page with CCA tool and check the result.</li> <li>5. Validate that color contrast is not passed with WCAG guidelines.</li> </ol>	In the IFTM University - Home page, it is observed that several elements do not meet the minimum colour contrast ratio.	Low vision & Color blindness candidates will suffer while navigating.	Modify the colours of the specified elements according to the WCAG requirements.	1.4.3	Level AA	High	Code	Yes	Sandeep C
